Education

University of Minnesota Duluth — Duluth, MN
Bachelor of Science in Mathematics and Computer Science 3.97/4.0 — *Aug. 2024 – May 2028*

Experience

Undergraduate Research Assistant (Junior Developer) — May 2026 – Present
University of Minnesota Duluth — *Duluth, MN*

- Solely designed, developed, and deployed a full-stack Next.js application for a Duluth-area non-profit.
- Integrated Google Cloud Platform services, including Firestore and Cloud Functions, to manage data storage and serverless backend operations.
- Engineered an accessible web-based platform that addresses healthcare and food security needs among underserved communities in Duluth.

3M STEP Intern — Jun. 2023 – Aug. 2023
Right Track | 3M Global Headquarters — *Maplewood, MN*

- Executed experimental testing designed to determine optimal mixing ratios of 2-component epoxy adhesives.
- Applied solid mechanics and material science principles to evaluate fracture toughness, stress-strain, and tensile strength of samples.
- Created custom Python scripts to read and process test data and compile findings, contributing to two internal technical reports.

Customer Service Representative/ Delivery Driver — Mar. 2022 – Aug. 2025
Domino's Pizza — *Saint Paul, MN*

- Performed various tasks including full-store inventory, cash handling, delivery driving, and food preparation.
- Assisted in training new employees and maintaining a clean and organized work environment.

Projects

Financial Portfolio Simulator | *Python, NumPy, Yahoo Finance, Git, Visual Studio Code* — Started May 2026

- Utilized Monte Carlo simulation methods to simulate the performance of a financial portfolio over time.
- Used NumPy and Yahoo Finance API to retrieve historical stock data and perform complex analysis on large data sets.

Personal Website nilsksmith.com | *HTML, CSS, JavaScript, React, Git, Visual Studio Code* — Started May 2026

- Designed and created a personal portfolio website using React to showcase personal programming projects and share contact and background information surpassing a traditional resume.
- Prioritized having a clean, responsive, and mobile-friendly interface.

Technical Skills

Languages: Java, Python, SQL, LaTeX,JavaScript, HTML/CSS, Next.js
Frameworks: React, Node.js, WordPress
Developer Tools: Git, Google Cloud Platform, VS Code, PyCharm, IntelliJ
Libraries: Pandas, NumPy, Matplotlib

Hobbies and Interests

Hobbies: Alpine Skiing, Remote Control Vehicles, Violin, Pickleball, Traveling
Interests: Data Science, Finance, Physiology, Web Development
Activities: UMD Symphony Orchestra Member, UMD Food Justice Cohort, Duluth Center for Women and Children Volunteering, Association for Computing Machinery
